Dear Councillor Anderson

I am writing to you this afternoon regarding the confirmation that both the Prime Minister and the Chancellor of the Exchequer have been handed fines for hosting/attending parties during Covid lockdown.

It is an appalling and shameful day for them both – and for our country. Britain deserves better than this.

Throughout the lockdown, people in Wirral obeyed the rules. We did what we were asked to do. We looked after each other as best we could, and we all made sacrifices. Hundreds of local families were unable to be with their loved ones when they died and were unable to even attend the funeral. Thousands of people were unable to visit elderly relatives in care homes, hug them and comfort them. I am angry at Johnson and Sunak. Because whilst Wirral residents were doing the right thing, they were breaking the rules and partying in Downing Street. This is surely unforgivable.

Will you and your local Conservative Association join me in publicly calling for the Prime Minister and the Chancellor to both resign with immediate effect?

Yours sincerely
